

Facts and Figures

J. Heilmann, K. Große, GSI, Darmstadt, Germany

Gesellschafter/Shareholders since 1969, December 17th

Federal Republic of Germany	90% of budget (and of share capital)
State of Hesse/Land Hessen	10% of budget (and of share capital)

Accelerators

FAIR	Facility for Antiprotons and Ion Research		pre-construction R&D
UNILAC	UNIversal Linear ACcelerator	13 MeV/u for U	in operation since 1976
SIS	Schwer-Ionen-Synchrotron	50–1000 MeV/u for U	in operation since 1989
ESR	Experimental Storage Ring	3–400 MeV/u for U	in operation since 1990

In 2005, GSI provided access to 25 experimental areas to about 1300 scientific users.

Total budget

Total budget in research and development:	81 million euros	
budget in the programme Structure of matter		67 million euros
budget in the programme Health		3 million euros
budget in the non-programme-bound research		11 million euros

Staff at 31.12.2005

Staff for research and development total	886 person years	
out of these in the programme Structure of matter		536 person years
out of these in the programme Health		36 person years
out of these for scientific infrastructure		192 person years
out of these for non-programme-bound research		122 person years
Staff for centre management and management support	63 person years	
Staff for basic infrastructure	9 person years	
Staff for special tasks	37 person years	

In total about 1000 employees including about 300 scientists and engineers.
